

HEART OF DIXIE TRIATHLON  
 July 23, 2005  
 Lake Tiak-O'Khata Louisville,MS

(Due to a timing machine at the swim split there may be some small discrepancies in the swim and the bike splits. Several check points were taken at 2-3 minutes intervals. The splits between these points were then interpolated. The cumulative time for the swim plus the bike split is accurate. If your swim time is 30 seconds over then your bike time will be 30 seconds short. Our apologies to those who don't have their splits listed because we were unaware that the timer was not running properly when you arrived. Both transitions are included in the bike split. The run split is a net split and is accurate.)
